Music Week will mean much for the future of St. Louis, if citizens resolve to vote for bonds for a Municipal Auditorium—the city needs it.

CAPITAL PAUSES FOR DEDICATION OF GRANT MEMORIAL

Half-Holiday Declared as Tribute Is Paid to Union Leader on 100th Anniversary of Birth.

UNVEILING OF GROUP BY GRANDDAUGHTERS
Parade, in Which Soldiers, Veterans and Patriotic Societies March, Precedes Ceremonies at Gardens.

WASHINGTON, April 27.—The machinery of government was halted today by executive order of President Harding in order that thousands of federal employees and officials, in common with visitors and the citizenry of Washington, might do honor to the memory of Gen. Ulysses S. Grant at the dedication of the bronze memorial in the botanic gardens on the centenary of the birth of the great Union soldier and President. At the same time the memorial services were being held here, President Harding was participating in similar exercises at Point Pleasant, O., the birthplace of the Union leader. A half holiday was granted to federal employees, the public schools were closed, the city bedecked in flags and bunting and men and women were marshaled from all sections of the country to form an impressive parade in homage to the memory of Gen. Grant. Cadets from West Point, midshipmen from Annapolis, all the regular army, marines and sailors, stationed in Washington, members of the American Legion and veterans of the Civil War, the Spanish-American War, the World War and other foreign wars as well as representatives of patriotic societies, were in the parade which marched to martial music from the White House down Pennsylvania avenue to the botanic gardens, just west of the Capitol, where the services were held. It was the greatest parade which the capital has witnessed since the burial of the unknown American soldier last November. More than 10,000 persons took part in the procession. Vice-President Coolidge and Secretary Weeks delivered the principal addresses, while Chief Justice Taft and all associate Justices of the Supreme Court, members of Congress, and other high officials of the Government were present. The unveiling was by Princess Grafton, granddaughter, and Princess Louise, granddaughter, great-granddaughter of Gen. Grant. At the head of the parade rode Major-General John A. Clem, selected to be marshal in place of Lieutenant-General Nelson A. Miles, who was confined to his home with illness. Greatness in Peace Told. "Our country and the world may well consider the simplicity and directness which marked the greatness of Gen. Grant," Coolidge said. "In his object was the destruction of the opposing army. He knew that the price would be high, yet he did not flinch. He paid the price. He trusted no time in attempting to find some substitute for victory. He held fast to the principle of peace in time of peace. Around him was the destruction which the war had wrought. The economic condition of the country was depressed and he sought refuge in the war. He laid the foundation of national welfare on which the nation has stood unshaken. His policy was simple and direct, and eternally true. "A grateful Republic has raised a monument, not as a symbol of war, but as a symbol of peace. "Fifteen Years in Making. "The grant memorial is one of the greatest groups of statuary in the world. The equestrian portion of it is said to be exceeded in height only by the statue of Victor Emmanuel in Rome. Fifteen years have been required to bring it to virtual completion. (A photograph of it appears in the pictorial page of the Post-dispatch today.) "The entire memorial which with today's dedicatory ceremonies takes its place in the national capital with the Lincoln monument, the Washington monument and the great monument that has stood for half a century as a memorial to Washington, is a beautiful work of art, occupying a position of prominence at the east end of the Botanic Gardens facing the Capitol grounds. It has been approved by Augustus Saint Gaudens, Charles F. McKim, Daniel C. French and other prominent American artists. The marble superstructure on

GRIFFITH SAYS DE VALERA WAS READY TO DESERT REPUBLIC

Statement in Dail Debate on Treaty Called 'Lie' by Irish Republic Leaders—Turmoil Follows.

DUBLIN, April 27.—Debate in the Dail Eireann today provoked stormy scenes. Arthur Griffith asserted that on the eve of the London negotiations resulting in the Anglo-Irish treaty, Eamonn de Valera had asked Griffith to extricate him from the straitjacket of the republic. De Valera described this as a "lie" and a turmoil followed. De Valera demanded that Griffith's allegation be sifted by the judicial committee. Michael Collins announced that the full correspondence would be published. De Valera and others protested against the tone of the report made by the Foreign Minister reflecting the effect of the Irish discussions on foreign opinion. A division was demanded and the report was adopted, 57 to 50, which maintains the majority by which the treaty was ratified.

Irish Army Factions Fight at Mullingar—One on Each Side Killed.

LONDON, April 27.—Troops of the provisional Free State Government gained control of the town of Mullingar after today's fighting, says a dispatch from the Evening News. An armored car manned by regulars was controlling the streets at the time the dispatch was filed.

"Nothing but the good sense and solid virtue of the body of the people has saved us so far from general anarchy and civil war. Like the great bulk of the nation, we think the best and wisest course for Ireland is to accept the treaty."

POLICE AND FIREMEN PARADE FOR BENEFIT

Nine Hundred in Line of March—Circus Receipts to Go to Families of Men Killed.

City firemen and policemen today noon joined in a procession through the downtown district to direct attention to benefit performances of the police circus in the Coliseum this afternoon and evening. The entire receipts, with no deduction for expenses, as everyone participating has donated service, will go to the families of Policemen O'Connor and Mengel, and Fire Lieutenant Kane and Firemen Haas and Carlen, all of whom were killed last week in the performance of their duties. Tickets for the benefit are \$1. The procession was participated in by the parade was announced as 900, half of whom were policemen and the other half firemen. Marching four abreast, the line extended from Twelfth to Eighth streets on Olive. The procession was headed by five automobiles carrying Police Chief O'Brien, Fire Chief Panzer and members of the Board of Police Commissioners. The police band, police zouaves and members of the Fire Department followed. A large truck of the Fire Department carried a signboard running its entire length telling of the purpose of the benefit. Following it came a second band, the Fire Department zouaves and the firemen. The bands played lively airs, but the several sets of colors carried were draped with crepe. The procession was east on Olive street to Broadway, north to Washington avenue, west to Twelfth street and south to Market. A new flag presented last night by President Harding was east on Olive street to Broadway, north to Washington avenue, west to Twelfth street and south to Market. A new flag presented last night by President Harding was east on Olive street to Broadway, north to Washington avenue, west to Twelfth street and south to Market.

BOY WITH AID OF TRUCK BESTS "BABE" RUTH'S 4-SACK RECORD

Umpire Rules Only One of Tallies Swatter Was Piling Up During "Fielding" Would Count. It is established by indubitable testimony that a baseball swatted yesterday by Paul Flegenbaum, 12 years old, of Edwardsville, Ill., went 5000 feet before it struck the ground. A heatedly contested game was on in the West End of Edwardsville, when young Flegenbaum went to bat and hoisted the ball out of the lot and it kept going in the general direction of the business district. Several of the fielders mounted bicycles and pursued it to the Court-house square, where it rolled from the truck on which it had fallen and was retrieved. It was carried back to the lot, where the game was resumed after the umpire had ruled that Flegenbaum was entitled to only one of the many home runs he had been ringing up by trotting around the bases while the ball was away.

RSAL FRENCH SAILS FOR U. S.

LONDON, April 27.—Field Marshal Earl French, until recently Viceroy of Ireland, was one of the notables who sailed for New York yesterday on board the Homeric. "I am merely going over for a rest and do not intend to make any public appearances while in the United States," he said. The Field Marshal is understood to have had considerable business interests in America before the war.

CITY OBSERVING 100TH ANNIVERSARY OF GRANT'S BIRTH

Exercises Held in City Hall by G. A. R. and Other Patriotic Organizations With Music by a Band.

MEETING TONIGHT AT JEFFERSON MEMORIAL

Famous Union Leader Was Married in St. Louis in 1848 and Lived on Farm on Gravois Road.

The St. Louis observance of the 100th anniversary of Gen. Ulysses S. Grant's birth began this morning, with exercises at the City Hall, where the statue of Gen. Grant stands. The City Hall exercises were attended by members of the Grand Army of the Republic and its auxiliaries, and of other patriotic organizations. The principal talks were made by Maj. Allan J. Showers of Ransom Post, G. A. R., and Mayor Kiel. Mrs. Mary L. Whetstone, president of the St. Louis Women's Relief Corps, was chairman. Several papers regarding Gen. Grant's career in the Civil War, and as President, were read. Music was furnished by a band, and patriotic songs were sung. A portrait of Grant will be presented to the Disabled Veterans' Club by the Col. Hassendel Women's Relief Corps at the clubhouse, 3737 West Pine, tomorrow at 8 p. m., and a portrait of President Lincoln will be presented by the Missouri Department of the Women's Relief Corps, G. A. R. Members of the G. A. R. and allied organizations are invited.

Maj. Showers was also the principal speaker at Grant memorial exercises, held by the Republican Woman's Club in Vandeventer's Auditorium in the afternoon. The address was "The Marion Star" and mail address, "The White House." Enclosed with the application were three new \$1 bills in payment of club dues for as many years.

WASHINGTON, April 27.—The Washington Newspaper Golf Club, recently organized by golf-playing correspondents in the capital, today received a formal application for membership from Warren G. Harding, "representing the Marion Star" and mail address, "The White House." Enclosed with the application were three new \$1 bills in payment of club dues for as many years.

HARDING SEEKS MEMBERSHIP IN NEWSPAPER GOLF CLUB

Sends \$3 for Dues for Three Years as "Representative of the Marion Star."

WASHINGTON, April 27.—The Washington Newspaper Golf Club, recently organized by golf-playing correspondents in the capital, today received a formal application for membership from Warren G. Harding, "representing the Marion Star" and mail address, "The White House." Enclosed with the application were three new \$1 bills in payment of club dues for as many years.

Harding, "representing the Marion Star" and mail address, "The White House." Enclosed with the application were three new \$1 bills in payment of club dues for as many years.

GRANT MEMENTOS ON DISPLAY AT BANK

Collection Owned by J. H. Gundlach Includes Several Manuscript Letters.

A portion of a valuable collection of Grant mementos owned by John H. Gundlach of 3615 North Broadway are on display in a Broadway window of the National Bank of Commerce, Broadway and Olive street.

The items of chief interest are several manuscript letters written by Grant at various times during his career. One, a letter written to his father in July, 1861, is Grant's comment upon his advancement to be a Brigadier-General, the first step in his rise to be Commander-in-Chief of the Union armies. An excerpt from the letter follows: "I see by the papers that my name has been sent in for Brigadier-General. This is certainly very complimentary to me, particularly as I have never asked a friend to intercede in my behalf. My only acquaintance with men of influence in the State was whilst on duty at Springfield, and then saw much pulling and hauling for favors that I determined never to ask for anything and never have, not even a Colonelcy. I wrote a letter to Washington tendering my services, but declined Gov. Yates' and Mr. Trumbull's endorsement."

A tribute to Grant written by Gen. James Longstreet, the Confederate leader, is among the manuscripts; a letter to J. Medill of Chicago from

EIGHT WOMEN HELD AFTER PENNSYLVANIA MINE RIOT

Several State Policemen and Deputy Sheriffs Hurt in Disturbance Near Uniontown.

UNIONTOWN, Pa., April 27.—Eight women were arrested and a number of State policemen and Deputy Sheriffs were hurt in a riot at Tower Hill Mine No. 2, of the Tower Hill Coke and Coal Co., nine miles southwest of here in the Fayette county region today.

The women were brought to jail here, and will be given a hearing tomorrow. The mine was closed by the coal strike several weeks ago.

CAR STOLEN WAS 'A FORD, OF COURSE,' FORD TELLS POLICE

Manufacturer, Left Without a Machine, Has to Go to His Factory for a New One.

DETROIT, Mich., April 27.—Henry Ford was driving a brand-new automobile today. This followed theft last night of his machine while it was parked downtown. Ford personally called the police by telephone and notified them of his loss. "What kind of a car was it?" the police clerk asked. "Why, a Ford, of course," Ford answered. As the police had been unable to find the stolen machine by this morning, there was nothing left for the manufacturer to do but to go to one of his factories and take a new car from the storeroom.

Ford's changes said to have the approval of Ford included payment to the Government of 4 per cent interest on money expended to acquire extensive flowage lands and a guarantee to the Government against damage which might come from claims of the Alabama Power Co. to a prior option on the Warrior steam plant. No suggestion was made as to modification of the 100-year lease period, so far as could be learned.

FORD MUSCLE SHOALS OFFER REPORTED FURTHER MODIFIED

Spokesmen for Detroit Manufacturer Appear Before House Military Committee.

WASHINGTON, April 27.—Further modifications of the Ford proposal for purchase and lease of the Government's projects at Muscle Shoals, Ala., were understood to have been made today by W. H. Mayo and J. W. Worthington, official spokesmen for the Detroit manufacturer in the negotiations, before the House Military Committee in executive session. The changes said to have the approval of Ford included payment to the Government of 4 per cent interest on money expended to acquire extensive flowage lands and a guarantee to the Government against damage which might come from claims of the Alabama Power Co. to a prior option on the Warrior steam plant. No suggestion was made as to modification of the 100-year lease period, so far as could be learned.

BAKERY DAMAGED \$60,000 BY FIRE; ENGINE CAPTAIN INJURED

Thomas Lynch Knocked Unconscious in Fall When Fighting Blaze at Seventh and Lynch Streets.

DAMAGE estimated at \$60,000 was done by fire at the two-story building of the Joseph Hahn Bakery Co., Seventh and Lynch streets, this afternoon, and Thomas Lynch, fire engine captain, of Engine Company No. 3, Broadway and Marine avenue, was injured. The fire started in the flume above the ovens. The interior of the building was burned out, three of the five ovens ruined and quantities of stock stored on the second floor and in the basement ruined. Lynch had climbed to a window sill eight feet above the sidewalk to direct a stream, when the water was turned on unexpectedly and the rebound of the hose threw him to the ground. He was taken, unconscious, to the city hospital, where it was said he had probably suffered a fracture of the skull. Estimate of the damage was made by Joseph Hahn, head of the bakery company. The insurance is \$45,000.

JUDGE RULES MEN HAVE RIGHT TO QUIT WHEN THEY PLEASE

State Has No Power to Inquire Into Their Reasons, He Holds in Industrial Court Case.

KANSAS CITY, Kan., April 27.—Men have the right to quit work when they please, and the State has no power to inquire into their reasons for quitting, United States District Judge John C. Pollock said here today in the course of a hearing in his court in which a permanent injunction against the operation of the Kansas Industrial Court was sought by the United Mine Workers of America. Judge Pollock's remark was in the form of a comment on the contentions of attorneys. "One man, or all the men in Kansas, have the right to determine for themselves under what conditions they will work," the Judge added. "All of them can quit work if they want to, and the State has no right to inquire into it. No man or body of men can be compelled to work against their will."

22 INJURED WHEN CAR RUNNING WILD LEAVES TRACK

Unmanned Trolley in Birmingham, With Thirty Aboard, Dashes Down Grade.

BIRMINGHAM, Ala., April 27.—Twenty persons were injured, five seriously, here today when a West End street car, unmanned, dashed down a steep grade, left the tracks and crashed into a trolley pole. At the top of the grade the motorman and conductor, in an attempt to close the front door, were thrown from the car, and the car, controls wide open, dashed down the steep grade, leaving the rails at a curve a block away. Of the 30 passengers aboard the car, 10 escaped injury. The more seriously injured are Capt. J. E. Hayes of the Birmingham fire department; Miss Beatrice Tatum, Miss Mary Hatchett, J. A. Henson and W. A. Bell, all of Birmingham.

C. W. MORSE AND 20 OTHERS INDICTED ON FRAUD CHARGE

Three of Financier's Sons Among Those Accused of Using Mails to Defraud in Sale of Steamship Stock.

SEVERAL PROMINENT BROKERS NAMED

Martin T. Gillen, Former High Official of Shipping Board, on List Issued by Federal Grand Jury.

NEW YORK, April 27.—Charles W. Morse, New York financier; his three sons, and 17 others were indicted today by the Federal grand jury on a charge of using the mails to defraud in the sale of stock in steamship companies. In addition to Morse and his sons, Edwin A., Benjamin W., and Harry P., there were indicted prominent stock brokers, lawyers, shipping and publicity men, including Martin T. Gillen, formerly a high official of the United States Shipping Board.

The indictment which followed on the heels of one returned in Washington, against Morse, after he had been summoned back from Paris by Attorney-General Daugherty, set forth that the defendants had wrongfully stated in circulars passing through the mails that certain companies in which they were interested were going concerns and held valuable contracts.

ALDERMEN GET BILL TO REPEAL ALL "BLUE LAWS"

Ordinances Closing Stores on Sunday Cited as Samples of Legislation That Would Be Affected.

A bill to repeal all "blue law" ordinances closing stores on Sunday introduced in the city was introduced by Alderman Hecker. The preamble of the bill sets forth that, since the Aldermen at a recent meeting indicated they did not favor legislation abridging individual rights by adopting a resolution for modification of the Volstead act, all "blue laws" made by the Aldermen should be repealed. Such ordinances as those closing bakeries, hardware and delicatessen stores on Sunday are mentioned as examples of blue laws, and it is pointed out, all other ordinances appertaining to Sunday closing of business places should also be repealed. Alderman August H. Niederleueke introduced a bill to charge cleaning and dyeing establishments a license fee of \$100 a year. At present these places are taxed as merchants.

32 LOST WHEN SHIP FOUNDERS

Captain of French Coal Steamer Is One Survivor.

BREST, France, April 27.—Thirty-two lives were lost when the French steamer Deputy Albert Tallandier, a vessel of 3000 tons, bound from Rotterdam for Brest, with a cargo of coal, foundered last night off the northern coast of Brittany during a violent storm. The captain of the ship, the sole survivor, was picked up yesterday by the Greek steamer Pelagia.

RUSSIANS' STAND AT GENOA CONFERENCE SUPPORTED BY MOSCOW

Two Persons Hurt on Steamboat in Harding Flotilla

Part of Deck of the Island Queen Collapses, Few Minutes' Warning Saving Many Persons.

POINT PLEASANT, O., April 27.—Two persons were injured aboard the steamer Island Queen, one of the flotilla of river boats carrying President Harding and visitors to the Grant celebration, when the forward portion of the third deck crashed as the steamer was passing New Richmond. Only a timely half minute's warning after the first crash, in which the deck sank about a foot before it completely gave way, probably prevented a catastrophe. Immediately under the destroyed deck was the Manchester School band of 52 pieces. The few seconds' warning permitted them to escape before the deck crashed, smashing the chairs on which they had been seated. The injured are: Richard Arms strong, Bethel, O., arm broken, and Lieut. Eugene Wetherby of the Cincinnati Police Department, cut by glass. Many women became hysterical and fainted. There was no semblance of a panic, however. A military band on the deck above, hearing the crash just below, immediately struck up a lively air. President Harding was to have been a passenger on the Island Queen, but late last night he was switched to the Government boat Cayuga, which led the flotilla. There were two other Government boats between Cayuga and the Island Queen. The President did not hear of the disaster until his arrival here.

SOVIET GOVERNMENT OPPOSES ANY CONCESSIONS TO THE ALLIES INTERFERING WITH WORKERS' RIGHTS—LEADERS AT GENOA CONFERENCE ANSWER TO RUSSIANS.

Any Concessions to the Allies Interfering With Workers' Rights—Leaders at Genoa Confer on Answer to Russians.

NO ULTIMATUM TO BE SUBMITTED

Lloyd George Summons Allied Chieftains to Discuss Statement Which Will Show What Is Asked and What Is Offered.

MOSCOW, April 27.—The soviet government has sent a wireless message to Foreign Minister Titcherine in Genoa, embodying a resolution of approval of the Russian delegates' policy at the economic conference and giving instructions that no concessions be granted the allies which would interfere with the rights or the political freedom of the Russian workers.

GENOA, April 27.—Prime Minister Lloyd George today invited Foreign Minister Schanzer of Italy, Vice Premier Barthou of France and Foreign Minister Jaspard of Belgium to meet him at the Villa de Albertini to reach an understanding over the document to be addressed to the Russians in reply to the Russian counter-proposals.

This document will contain not only what is asked of the Russians, but also what the allies are ready to offer them.

The subcommittee on Russian affairs will meet Friday to discuss this document and approve it in its final form.

"It is no ultimatum that will be addressed to Russia," allied spokesmen declared today. The delegations of both the inviting and the neutral nations were very anxious to explain this point, declaring nothing of an ultimatum nature was in contemplation.

The idea of drawing up a document containing all that Europe is ready to offer to Russia was suggested by the desire to put in black and white what the situation really is, so that not only the Russians but the entire world may judge of it. In their answer to the allies the Russians appear to have made no reference whatever to the war debts which the allies said they were ready to "scale down."

In the English text of the allies' proposals, the phrasing was: "In view of the serious economic conditions in Russia, the creditor Governments are prepared to write down the war debts owing by Russia to them."

Ignored War Debts. The Russians apparently interpreted the words "write down" to mean "write off"—in other words, complete cancellation. They, therefore, ignored the war debts in their rejoinder.

Meanwhile the conference has developed plainly into one of the most important world conclaves in history by reason of the momentous problems which have come to the surface.

The Russo-German treaty, which many accept as the forerunner of a great alliance between the formerly mighty nations, has been followed by other political developments, such as the proposed summoning of the Versailles treaty signatories to discuss the measures to be adopted if Germany does not meet her war reparations obligations.

A further note of gravity was added to the situation by Prime Minister Lloyd George of Great Britain in his address last night to the American and British press correspondents, in which he uttered the warning that a new political situation was facing Europe.

Resolution on Employment. The following resolution has been prepared for presentation to a plenary meeting of the conference: "The economic reconstruction of the world is impossible without the co-operation of all the manual and brain workers of the world. This co-operation is threatened by the fact that in many countries, especially where exchanges are low, the standard of life of the workers is very low."

Men Will Applaud This Sale of 2400 Men's Athletic Union Suits

Regularly Priced
as High as \$2.00

95c

Every man considers his physical comfort, and this depends largely on the weight and cut of his underwear. These Union Suits are all Summer weight, made of fine fabrics such as handkerchief cloth, striped madras, fine white madras, soisettes, silk striped madras and fine mesh.

All of them are well made, with closed crotch, neatly taped armholes, and an extra large webbing insert in the back. They are sleeveless and knee length.

Sizes 34 to 50.

You may profitably select undergarments for the entire season's wear, if you buy before sizes are broken and the choice limited.

Men's Furnishing Shop—First Floor.

Black Wash Satin, \$1.48 a Yard
In the Month-End Sale. 36 inches wide; a quality which is receiving instant approval because it will wash. Very good for blouses or bathing suits.

THE PURITAN
Sir Walter Scott, when a boy, once expressed his enjoyment of a bowl of soup. Whereupon, his Puritan father promptly mixed with it a pint of water to take out the devil. What a shock the elder Scott would receive, could he visit the CHILDS restaurants to-day. For he would find thousands complacently enjoying the delicious flavor of the soup.

Rich vegetable soup, or chicken soup with rice—the prelude to a satisfying meal.

DYED A SWEATER AND FADED SKIRT IN DIAMOND DYES

"Diamond Dyes" add years of wear to worn, faded skirts, waists, coats, stockings, sweaters, coverings, hangings, draperies, everything. Every package contains directions so simple any woman can put new, rich, fadeless colors into her worn garments or draperies even if she has never dyed before. Just buy Diamond Dyes—no other kind—then your material will come out right, because Diamond Dyes are guaranteed not to streak, spot, fade or run. Tell your druggist whether the material you wish to dye is wool or silk or whether it is linen, cotton or mixed goods.

Helps digestion—and cleans a coated tongue

Thousands of men and women have found relief from various digestive disturbances by eating Fleischmann's Yeast.

It is human nature to want to find out "why." So far as science can tell this is the reason:

Fleischmann's Yeast is a food abundant in certain elements which are necessary to health and life itself. It promotes the flow of bile and of pancreatic juice. It has a remarkably beneficial effect on the whole digestive process. It cleans a coated tongue.

Try Fleischmann's fresh yeast in orange juice or in milk. Men like it in milk shakes and malted milks. Women like it spread on bread or crackers.

Keep your digestion in the pink of condition and your tongue clean and healthy by eating 2 or 3 cakes of Fleischmann's Yeast fresh every day before or between meals. Be sure it's Fleischmann's Yeast—the familiar tin-foil package with the yellow label. Place a standing order with your grocer today.

MUDDY AUTO LEADS TO ARREST OF TWO WHISKY RUNNERS

Men Taken After Chase Ending in Accident Say They Intended to Take Liquor to St. Joseph.

ONE PART OWNER OF HOTEL THERE

Other Claims to Be Son of Oklahoma Oil Man and Broker—Whisky of Prohibition Quality.

Mud on their automobile led to the undoing yesterday of two men of St. Joseph, Mo., who were running a load of whisky, which they obtained here, to St. Joseph. At police headquarters today they told a Post-Dispatch reporter that they had expected to make \$500 each for transporting the liquor, which was to have been reduced to half-strength by distilled water. Tests showed the whisky to be of a good "pre-prohibition" variety.

The men said they were Jerry R. Horner, 24 years old, son of J. A. Horner, an Oklahoma City (Ok.) oil man and broker, and Floyd Felts, 28, half owner of the National Hotel, St. Joseph. They were arrested by Police Lieut. Vasey and members of the homicide squad, who were attracted by the appearance of the whisky car. A speedy chase through busy streets, ending in an accident, was a prelude to the arrest.

Story of Oklahoma.
"I met Felts in St. Joe," Horner said. "I had known him in Oklahoma. He said a man in St. Joe would pay us to bring whisky from St. Louis. Felts sold me his Cadillac touring car and I agreed to pay for it after we had run the whisky."

"We left St. Joe Sunday and got stuck twice before we got here Tuesday. The man had wired ahead the money for the whisky, \$100 a case for 20 cases of 12 quart bottles each. What's the use of telling the place where we got it? I won't do that. We got it all right, and loaded it Tuesday night, but then it started to rain. We slept in the car in some garage that night. The whisky bottles were wrapped in corrugated cardboard, and we laid them in the tonneau, covered with a laprobe and a couple of spare tires."

"We only left the car in order to eat. We had lunch yesterday in some restaurant, leaving the car out front. When we came out, some of the bottles were gone. We didn't have time to bother about that. Felts started to drive towards Natural Bridge avenue, but he got lost. He didn't know much about the city and I didn't know anything. I said 'let's get out of this neighborhood before the cops spot this car,' and just then they spotted us."

Auto Wrecked in Chase.
The whisky car then was going south on Twelfth street, at O'Fallon street, with the curtains drawn. The police car was coming north. The chase led over Carr, Fourteenth and Biddle streets, to Eighteenth, where the Cadillac ran into a Ford sedan, which was thrown against a fence. Horner and Felts started to run, and Detective Sergeant Sheller prepared to fire at them with a riot gun. A woman and her baby got in the way. The woman said, "Shoot, mister, shoot," and Sheller threw down the gun in disgust. Horner and Felts were captured in a yard. Felts' right jaw was injured. The occupants of the Ford, Richard Jacobsmeier of 2109 East Prairie avenue and Oscar Brunk, suffered cuts and lacerations. It was found that 132 bottles of whisky were intact and 18 were broken in the collision. The loss while the whisky runners were at lunch had been \$5 bottles, about \$500 worth.

Felts agreed with the details of Horner's story. They said people in St. Joseph would pay \$135 to \$150 a case for the whisky, and, with the dilution, the maximum profit would be \$100 a case, which would have meant \$1000 for the runners. Felts admitted that he had made a similar trip two years ago. "Take me the United States District Attorney," Horner begged. "I want to tell the truth about this."

"RIVER RALLY" LUNCHEON DATE

Reed and Newton to Be Speakers at Appropriation Celebration.

A "River Rally" luncheon will be given under the auspices of the Chamber of Commerce, the Real Estate Exchange and the Mississippi Valley Association at noon tomorrow at the Planters Hotel. Senator Reed and Congressman Newton will speak on "Making the Mississippi a Channel of Commerce."

James E. Smith, president of the Mississippi Valley Association, will preside. The meeting will celebrate the recent appropriation by Congress of millions of dollars for the improvement of inland waterways. Incidentally there will be discussion of a constructive program for the disbursement of these funds where they will do the most good.

All St. Louisans interested in river traffic, whether members of the organizations or not, are invited.

Corns?

—Just say
Blue-jay
to your druggist
Stops Pain Instantly

The simplest way to end a corn is Blue-jay. A touch stops the pain instantly. Then the corn softens and comes out. Made in two forms—circular, clear liquid (one drop does it) and in extra thin plasters. Use whichever form you prefer. Plasters or the liquid—the action is the same. Safe, gentle. Made in a world-famed laboratory. Sold by all druggists.

Free: Write: Blue-jay, 1100 Chestnut St., St. Louis, Mo. For enclosed facts. "Corned Care of the Foot."

STOMACH UPSET?

Get at the Real Cause—Take Dr. Edwards' Olive Tablets.

That's what thousands of stomach sufferers are doing now. Instead of taking laxatives, or trying to "push" a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels. Dr. Edwards' Olive Tablets dissolve the liver in a soothing, healing way. When the liver and bowels are performing their "natural" functions, away goes indigestion and stomach trouble.

Have you a bad taste, coated tongue, poor appetite, a lazy, soft, feeble feeling, no ambition or energy, trouble with indigestion, "flat" taste, Olive Tablets, the substitute for bile.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or pain. Take one or two at bedtime for quick relief. But what you like, like and live.

EVANGELIST SAYS WIFE SHUNNED HIS SERMONS

Divorce Petition States That Mrs. James Crutcher Called Ministers "Saint Chasers"

A suit for divorce was filed yesterday by James N. Crutcher, 42 years old, who says he is an evangelist and a member of the Christian Church, against Mrs. E. W. Crutcher of Kansas City, Mo., alleging that she had "made a game more of marriage than of love," and that being a minister's wife was one kind removed from the commonplace.

He also charges she refused him to be a member of the Ladies Aid Society and Women's Missionary Society in churches at Kansas City, Mo., where he had pastored, and that she had refused him to be a member of the Christian Church at Kansas City, Mo., where he had pastored, and that she had refused him to be a member of the Christian Church at Kansas City, Mo., where he had pastored.

The petition states that she said to members of his congregation: "I don't like to be a member of the Christian Church. I don't like to be a member of the Christian Church. I don't like to be a member of the Christian Church."

She would fit into a rare, he alleges, if she shook hands with women members of his congregation, and would refuse him to be a member of the Christian Church at Kansas City, Mo., where he had pastored.

They were married in 1900, separated last December, and have a grown daughter. He lives at the Post Office Hotel. Crutcher has no pastorate at present, his lawyer said.

ELM FROM GRANT'S OLD FARM PLANTED AT TOMB

Free, Just As General, Came From Fighting Stock, Says Speaker at New York.

By Leased Wire to the Post-Dispatch
NEW YORK, April 27.—An American elm from Grant's old farm near St. Louis was planted near the Grant Tomb today by Charles Lathrop Pack, president of the American Forestry Association. The tree, marking the centennial of the General's birth, was sent by August A. Bush, of St. Louis, a member of the Association, who has restored the Grant farm. Wesley B. Leach, the city forester, had made the plan for planting the tree near those planted by Li Hung Chang. The elm has been registered in the Hall of Fame for trees with a history by the American Forestry Association.
In dedicating the elm Pack pointed out that the tree will first fight for its life under the most adverse circumstances, just as Grant, from a long line of fighters, fought to save the life of the nation. In his short address Pack said:
"It is most fitting that there be trees dedicated to Gen. Grant. Like him, they are American citizens. They stand at soldier-like attention. The trees will fight for their lives under the most adverse conditions just as he fought to preserve the life of the nation."
Thought Revered to Soil.
Grant came from sturdy fighting stock. Noah Grant, his colonial ancestor, was killed in a fight with the Indians when his son Noah was a child. This Noah Grant of the Revolutionary war fought at Bunker Hill and was present at Cornwall's surrender at Yorktown. Both lived at Tolland, Conn., noted for its beautiful American trees.
Grant's life had to do with trees. In his autobiography he tells us as regards his childhood: "I was fond of agriculture. We had among other things, 10 acres of forest. When I was seven or eight years of age, I began hauling all the wood used in the house and shop."
Next when he was at the very climax of his military career, he thought of the soil, for, at the surrender of Lee's army, Grant, on his own initiative, gave that order which, to quote his own words was "To let all men who claim to own a horse or mule take the animal home with them to work their little farms."
"Finally it is the tree that best commemorates the greatness of his country. The concluding sentence of his last annual message to Congress read: 'With the present term of Congress my official life terminates. It is not probable that public affairs will ever again receive attention from me further than as a citizen of the republic, always taking a deep interest in the honor, integrity, and prosperity of the whole nation. To mark the greatness of such simplicity, can there be found any greater memorial than the trees God made?'"
Words of the Dedication.
"Accordingly here at the tomb of Grant, dead, the American Forestry Association dedicates to his living memory this tree which has been brought from the Missouri farm on which he at one time lived. These are monuments with a memory for they live gloriously just as did those for whom they are planted."
Representatives of the Grant Monument Association, the American Legion and members of the American Forestry Association were at the simple ceremony.

COMB SAGE TEA INTO GRAY HAIR

Darkens Beautifully and Restores Its Natural Color and Lustre At Once

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-made preparation improved by the addition of other ingredients, a large bottle, at little cost at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of fuss.
While gray, faded hair is not stylish, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger.

Maybe he'll find out—

whether or not she cares for him.
A better way would be to get her dancing to that snappy new Victor Foxtrots called "She Loves Me, She Loves Me Not" and to say, "Do you?"
No harm trying it. Anyway, it's a darn good dance record.

SEVEN KNOWN DEAD, 34 MISSING IN FORT WORTH

Three Bodies Recovered—Trinity River Shows Drop of 15 Feet Overnight

By The Associated Press
FORT WORTH, Tex., April 27.—Discovery of several persons reported missing in the flood, today reduced the list to 34. The known bodies remain at seven, three bodies being in the morgue and four recovered.

Trinity River was well within its banks this morning, the gauge showing a drop of 15 feet over night and now registering only 27. Street car service was resumed this morning to all flooded suburbs.

Three persons are in the list of known dead, their bodies having been recovered. They were W. C. Gentry, 25 years old, Mrs. G. W. Pettis, 50 and a Mrs. Ferguson.

While the situation here has been serious, only minor portions of the city were affected. The inundated lands being in the river and creek bottoms.

A special committee has been appointed by the Red Cross to distribute and portions of Tarrant County outside the city limits, devastated by the flood, for bodies of victims and sufferers.

Residents of the flooded areas were not permitted to return to their homes last night.

Tents and churches used to house refugees at Dallas.

DALLAS, Tex., April 27.—The Trinity River had reached a stage of 41.5 feet here early today and was still rising at the rate of 1 foot an hour.

Tents and churches are being used by refugees from the lowlands. A score of men, women and children were rescued from buildings which were had been inundated yesterday, being living by motor boats.

Two thousand persons are reported homeless at Stockbridge due to flood waters from Gonzales Creek, which runs through the city. All rail communication is severed, although telegraph communication is maintained. Rescue and relief work is well under way. Bandaged and ailing patients, about 200 persons being made homeless there by high waters. Flood conditions are reported at Abilene, Big Springs, Waxahatchie, Valley Mills, Jewell, Pella, Belton and other locations. Railroad traffic both east and west of Dallas is badly demoralized. Interurban service south is also greatly hampered.

Levee Break Floods Louisiana Town, Threatens Another.

NATCHES, Miss., April 27.—Flood waters of the Mississippi River poured through a rapidly widening crevasse in the Waxahatchie levee this morning and entered the town of Ferriday, La., four miles from the break. Ferriday has a population of 100. Residents had received warning of the approach of the water in ample time to escape. The town of Vidalia, with a population of 2000, is next in the path of the flood and is expected to be reached today.

Throughout Concordia and Catahoula parishes today, the only means of communication was by boat. The last train to be operated left Ferriday last night with flood refugees. Practically all of the two parishes are covered by water and large tracts in Thomas, Franklin and Attala parishes, which comprise a rich farming area devoted largely to cotton.

Junks, a small swampy village, is inundated. Vidalia is partly protected by a railroad embankment which has been asked to serve as a levee. Practically all of the levee in the threatened area had been removed and the remainder was taken to the levee to be picked up by river boats.

One hundred former service men of the Natches Post of the American Legion arrived today for a refugee camp here.

25,000 Acres Under Water in South-Eastern Iowa.

BURLINGTON, Ia., April 27.—One square township and parts of two others, embracing some of the richest farm lands in Southeastern Iowa, are under water as the result of the breaking of the levee 10 miles north of Burlington yesterday afternoon. Already 25,000 acres are under water. Trees have been uprooted. A hundred and fifty farm families are homeless.

Edward W. Bok Expected to Beautify Iron Mountain, Highest Point in Southern State.

LAKE WALES, Fla., April 27.—Fourteen acres of land at the peak of the hill near here known as Iron Mountain, the highest point in Florida, has been purchased by Edward W. Bok of Philadelphia, for many years editor of the Ladies Home Journal, with the intention of establishing on the site a park and bird sanctuary. Bok, it is said, has told friends he expects to give W. H. Olmstead, well-known landscape architect, now in Europe, carte blanche in laying out and beautifying the property.

Iron Mountain, included in the Mountain Lake Corporation, is 124.4 feet high and, according to the United States Geological Survey, is the highest point yet measured in Florida. It also is said to be the highest land within 80 miles of the Atlantic Ocean & Gulf of Mexico between Orange Mountain, N. J., and the Rio Grande.

From the top of Iron Mountain can be seen one of the remnants of the occupation of this section of the River Valley March, the sole survivor State by the Seminole Indians. It is a stone set out by the Seminoles in a huge seedling orange tree in on the then almost inaccessible Hickory Hammock, in the Peace land.

of the American Federation of Labor in Cincinnati during the two weeks beginning June 12, will be the attitude of the United States Chamber of Commerce toward organized labor, according to James R. Conroy, business manager of Local No. 6, International Brotherhood of Firemen and Oilers. Conroy was elected to attend the convention as a delegate from St. Louis at a meeting of the Central Trades and Labor Union Sunday.

In addition to the delegates from the United States and Canada, there will be two delegates from England who are members of Parliament and representatives of the Labor party.

PASTOR PROTECTS CHURCH PROPERTY WITH REVOLVER

Attempts to Destroy Movie
Outfit, Alleged by Jake
Hamon's Minister Friend
at Lawton, Ok.

BATHING SUIT WEDDING
ANGERS HIS FLOCK

The Rev. T. J. Irwin of Law-
ton Will Be Tried Before
Commission for "Conduct
Unbecoming a Minister."

By the Associated Press.
LAWTON, Ok., April 27.—A bath-
ing-suit marriage ceremony and
church motion picture shows are
rocks upon which the congregation
of the First Presbyterian Church
here has split.

The controversy, which also in-
volves other issues, will be aired
May 8, when the pastor, the Rev.
Thomas J. Irwin, comes up for trial
on charges of "conduct unbecom-
ing a minister of the Presbyterian
Church," before a judicial commis-
sion appointed by the El Reno Pres-
bytery session. An investigation
committee preferred the charges
and ordered the minister to show
cause why he should not be relieved
of his pastorate.

Some time ago Irwin officiated at
a wedding at a public swimming
pool. Besides blushing the bride and
bridegroom wore bathing suits. It
is charged that by this action the
pastor brought disrepute upon the
church.

A motion picture projecting ap-
paratus has been part of the equip-
ment of Irwin's church for several
years. The motion picture booth was
installed by the late Jake L. Hamon,
Republican national committeeman
for Oklahoma, who built an annex
to the church.

Several attempts have been made
recently to destroy the motion pic-
ture equipment, the pastor declares.
A fire was discovered in the annex
several days ago. It did about \$500
damage to the structure.

In formal charges brought against
the pastor, allegations are made that
"disorderly and deplorable conditions
exist in the church; that he distrib-
uted a pamphlet 'unbecoming a
minister;' that members of the
church have been suspended with-
out due process; and that he partici-
pated in the bathing suit wedding."

Tense Feeling Created.

Underlying the whole row, which
has created a tense feeling among
members of the church, is said to be
a division over Irwin's association
with and support of Jake L. Hamon,
who was wounded fatally by Clara
Smith Hamon more than a year ago.
The minister preached the funeral
sermon over Hamon at Ardmore and
eulogized Hamon. Some of Irwin's
flock withdrew from his church after
reading reports of the sermon.
They recently were reinstated by the
El Reno Presbytery.

Hamon was praised by the minister
for his forgiveness, his love of
hypocrisy, his generosity and his love
of children.

"God made just one Jake Hamon,
and he was just what he was," the
minister said.

Irwin asserts his intention of re-
maining in the Lawton pulpit. He
announced he had obtained a permit
to carry a revolver to protect church
property. A powder about the
church last Sunday night was greet-
ed by the pastor with a shot.

Injunction to Prevent Interference.
Irwin holds an injunction from
the district court restraining a
church committee from interfering
with him.

A policeman occupied the rear pew
in the church yesterday when the
El Reno presbytery session discussed
the charges against the minister and
decided to bring him to trial.

"The charges against me are
trivial," said Irwin. "The presbytery
is exceeding its authority and going
out of bounds. I'll fight this out to
the bitter end and take it before a
general assembly of the Oklahoma
synod next October, if necessary."

"The whole situation has been
caused by intense bitter political feel-
ing and by enemies of the church,"
the minister said there was to be
other installments of his pamphlet,
"Low Twelve," which purports to
give the history of the church, lead-
ing up to the present trouble.

The next chapter, he said, will deal
with alleged attempts to intimidate
him and force him from the church
and city.

The pastor declared that he was
met at the church door one night
last March by three masked men,
who held him at the point of guns
and told him to leave the city.

Irwin founded the church 20 years
ago, and has filed the pulpit since.

STANDARD ABSORBS SUBSIDIARY

By the Associated Press.
NEW YORK, April 27.—The
Standard Oil Co. of New Jersey,
it was learned yesterday, has ab-
sorbed the West India Oil Refining

TACTICS OF POLICE AT CAMPANELLA INQUIRY CRITICISED

Mayor Stephens of East St. Louis Says Presence in Large Numbers Tends to Incite Riot.

ADDRESSES CHAIRMAN
OF BOARD AT HEARING

No One Answers Executive
and Both Chiefs and Many
Policemen Are Allowed to
Remain in Room.

Mayor Stephens of East St. Louis, at the third hearing in the investigation of East St. Louis police "third degree" methods, criticized the police for their presence in large numbers, on the ground that by their tactics at a previous hearing their presence would tend to incite riot. The Mayor has been a spectator at the hearings and yesterday was the first time he had addressed the investigating board.

The father before the board was a description of the inquiry into the death of John Campanella, a prisoner who died in his cell the night of March 15, following the application of the police "third degree" in an attempt to obtain a confession of murder. The police say Campanella hanged himself, but an autopsy disclosed that hanging was not the cause of death, because on the body remaining signs he had been strangled. At a hearing Monday night Chief of Police McDonnell and police and detectives with "drawn" weapons against a large part of the crowd that sought admittance to the hearing, driving about 1000 men and women into the street. The demonstration of gun play caused adjournment of the hearing.

Both Chiefs Present.
Upon entering the hearing room, Mayor Stephens observed police at the door in the galleries and in different parts of the room, including Chief McDonnell and Chief of Detectives Quinn, who were seated in a row behind registrars. He objected to the presence of police at the hearing, said Mayor Stephens, and the crowd of about 400 broke into applause. "There is no danger here. Why are you here? Did the board request their presence?" This display of official authority is likely to provide demonstrations that may lead to riot, it was in mind the most eloquent speaker here Monday night, when officers of East St. Louis were intimidated by guns in the hands of the police.

He was addressing himself to George Roe, chairman of the board, and then turning to Chief McDonnell, said:

"These police should be at work patrolling the streets and not here to intimidate the crowd whose right it is to be heard. You have nearly the whole force here, and I protest against their presence. I am Mayor of East St. Louis, and I am responsible for the preservation of law and order. If conditions were such as your presence suggests, I would deputize citizens to preserve order."

Police Allowed to Remain.
Chairman Roe said the board never had requested the presence of police at the hearing, and that the police were there of their own volition. Except for Roe's remarks, no one replied to the Mayor, and the police remained.

The testimony yesterday concerning Campanella's death was given by Joseph B. McDonnell, attorney for Mrs. Rose Campanella, the widow, and the reading of a transcript of the testimony at the coroner's inquest.

McDonnell said he visited Campanella in his cell at the police station Thursday evening, March 15, the day after his arrest, and observed that one of his eyes was slightly bruised. Campanella told McDonnell "they" had beaten him. He visited him again about 11 a. m. Saturday of that week and found him unconscious in his cell, his head, face and chest a mass of bruises. McDonnell was to have called on Campanella that evening, but a storm prevented, and the next day he heard that Campanella was dead.

After examining the body at the morgue, McDonnell ordered an autopsy by Dr. D. L. Harris, 4046 Parkview place, former city veterinarian of St. Louis, who told McDonnell after the autopsy that Campanella had been beaten and had not died from hanging, there being no evidence of strangulation.

The police have stated that Campanella was assaulted in the detective room, in the presence of four detectives, by Dana Rolfe, 1127 North Ninth street, whom Campanella accused of the murder for which he was held. McDonnell testified that he talked to Campanella Thursday evening after Rolfe had been released, and that his client recognized the bruises after Rolfe had left the station.

Minor Criticisms Board.
When McDonnell had finished, Chairman Roe asked if anyone else had any evidence to offer, and the Rev. W. B. Dorn, pastor of the

Baby Label Bread

Now Made in Two Sizes

Old reliable Baby Label Bread is now being baked in two sizes to "fit your family." There's the Standard Size Loaf that you are accustomed to, and the new Large Size Loaf for big families, and small families with hearty bread appetites.

A city-wide, door-to-door survey brought out the fact that thousands of St. Louis housewives were being somewhat inconvenienced because they could not get their favorite bread in large size loaves. Now they can get it at every grocery store where Baby Label Bread is sold.

Both size loaves are made of exactly the same ingredients in exactly the same proportion in exactly the same way. The difference in size is solely for your convenience.

Baby Label Bread does not vary in quality, weight or size from day to day. From blending to wrapping the entire process is mechanical. Even the oven is automatic and insures absolute uniformity. There is not another oven like ours west of the Mississippi.

We believe that the new large size loaf supplies the one thing missing to make Baby Label Bread please all of the people all of the time.

We ship daily to live dealers everywhere. Address **WELLE-BOETTNER BAKERY**, 3900 Forest Park BL

Just Bring an Honest Face

JAMES E. SMITH HEADS VALLEY ASSOCIATION

Convention Urges Completion of River Development and Furthering of Great Lakes Project.

By the Associated Press.
KANSAS CITY, Mo., April 27.—The Mississippi Valley Association yesterday concluded a two-day annual convention devoted largely to waterway transportation, with the election of James E. Smith of St. Louis, a veteran waterways advocate, as president. Smith has been vice president in charge of the waterways division of the association for the last year.

Resolutions calling for the completion of Mississippi River development, the extension of Government-controlled or other efficient barge service to the waters of the upper Mississippi River, calling on President Harding to call a world economic conference in Washington, favoring the sale of the Government nitrate plant at Muscle Shoals to Henry Ford, and reaffirming the position of the association in regard to the Great Lakes-St. Lawrence waterway project, were adopted.

The resolution in regard to the Great Lakes project was opposed by M. J. Sanders of New Orleans, who declared that indorsement of the project would create enemies for the Valley Association unnecessarily and endanger the prospects of the \$45,000,000 river and harbor bill now before Congress. It was defended vigorously by Harry H. Merriock, Chicago. Merriock said it had been repeatedly charged that the Valley states had secured 25 votes in Congress from New York representatives by agreeing not to take action in favor of the Great Lakes project.

Text of Resolution.
The resolution said:
"We urge the speedy completion of the Mississippi River as an outlet to the sea southward, and as a part of the plan of national transportation that this Government join with Canada in such reclamation and improvement of the St. Lawrence River as will make the Great Lakes an arm of the ocean."

Other resolutions declared the "Pittsburg Plus" plan "an undue imposition upon commerce in general and Mississippi Valley users of steel in particular," approved the \$40,000,000 river and harbor bill now before Congress, opposed railroad operation of boat lines; called on the President to "cause a thorough investigation to be made of the possible means of checking flood formation through soaking water into the soil through reforestation."

Extension of Credits Urged.
The association also advocates the extension of further credits to Europe in order that the surplus products of American farms may be made available to consumers abroad.

Other officers elected for the ensuing year included: Executive vice president, Walter Parker, New Orleans; chairman Executive Committee, Thomas P. Cunningham, New Orleans; vice presidents at large, Hugh Humphreys, Memphis; J. A. O'Brien, Minneapolis; Minn.; Frank C. Waterbury, Des Moines, Ia.; B. L. Mallory, Memphis; Walter S. Mokey, Kansas City; and Edward A. Faust, St. Louis, were re-elected zone vice presidents. New zone vice presidents elected were: M. J. Sanders, New Orleans; James A. Kelly, Cincinnati; Samuel R. McKelvie, Lincoln, Neb.; William P. Trickett, Minneapolis; Minn.; Roy Miller, Corpus Christi, Tex.; A. R. vice president to succeed Harry H. Merriock of Chicago will be named later. The Executive Committee will select the place of next year's meeting.

TACTICS OF POLICE AT CAMPANELLA INQUIRY CRITICISED

Continued From Preceding Page.
Bond avenue M. E. Church, who heads a committee of citizens interested in the investigation, criticized the board for not taking the initiative instead of demanding that citizens file specific charges. He said that while Chief of Detectives Nevill had said in interviews to reporters that Rollo's attack upon Campanella lasted 15 seconds, the transcript of testimony at the coroner's inquest showed that the attack lasted only two or three seconds.
"You're a liar," shouted Chief Nevill, arising from his chair and starting towards the Rev. Mr. Evans. Nevill was restrained and returned to his seat.
The inquest transcript was then read, showing that the police testified they found Campanella hanging in a noose made with his shirt. The coroner's jury returned a verdict of suicide by hanging. The transcript also showed that Chief Nevill testified the fight between Rollo and Nevill lasted "a quarter of a minute."

The hearing will be resumed at 2 o'clock tomorrow afternoon.

Officials Asked to Resign.
The East St. Louis Central Trades and Labor Union yesterday adopted a resolution calling upon the Board of Fire and Police Commissioners, City Attorney H. Le Roy Browning and Safety Fred Leber to resign, it being charged that the board had willfully neglected the City Council's instructions in the order to investigate Campanella's death.

The union approved the action of the Ministerial Alliance yesterday in voting to launch a movement for a law enforcement organization of 1000 persons, and also approved a

resolution by a citizens' committee involved in the agitation growing out of the suspension of police out of Campanella's death.

Enjoy Radio Concerts In 1000-Mile Radius

HERE is a list of radio apparatus, each item tested by the Benwood Company's Radio Experts, which will make a regenerative radio receiving set that is capable of picking up broadcasted concerts within a 1000-mile radius. Come in and let us show you how easy it will be to install it in your home.

SHORTAGE IN ARMY FUNDS AT BARRACKS

Sergeant Who Handled Accounts Is Missing and His Arrest for Desertion Is Ordered.

A shortage has been discovered in funds of the Army Quartermaster Department at Jefferson Barracks, which may amount to from \$100 to \$1200.

An army order has been issued for the arrest for desertion of Staff Sergeant John N. Arnold, 34 years old, a finance clerk in the Quartermaster Department and the police have been asked to look for him. Sgt. Arnold handled the accounts in which the shortage was found. He has been missing since Monday. Officers at the barracks have undertaken an investigation of the laundry accounts because it appeared that the operation of the laundry was costing too much. The check of the accounts was tampered with. An Inspector, Col. George E. Goodrich, arrived unexpectedly last Saturday morning. Sgt. Arnold claimed personal papers to take his wife and two children to a St. Louis hospital. He took her in his own automobile.

Later that day Col. Goodrich, looking over the accounts, decided to interview Sgt. Arnold, whose duty it was to receive funds from various official sources. The sergeant was missing and has not returned since. An audit is completed and it will not be known in what amount the shortage is for the amount. Sgt. Arnold had been in the army for a number of years and his last term of enlistment would have expired today. He had told officers he intended to re-enlist.

CAT, TAKING SIESTA, BREAKS UP DOGS' MECHANICAL RABBIT RACE

Bunny Hits Dozing Puss' Jamming 'Mechanical' Hounds Pounce Upon Object of Pursuit.

MIAMI, Fla., April 27.—A black cat caused abandonment one day earlier of the grasshopper race meet being conducted by the Miami Herald. The cat, named "Mechanical," was chasing a new mechanical rabbit. A small electric trolley is laid in the center of the course and a guinea pig is mounted on the trolley. It is started from the start. The bunny is given a few yards start and the hounds begin their hunt to catch it. A few yards beyond the finish, the cat jumps into a trap door while the dogs are crowded as they cross the line.

The dogs for the week had chased the rabbit when an inquiring black cat entered the course. The dogs of the judges did not know the cat was in the race and the cat was making a streak down the course with the grayhounds. In pursuit. At the post marking a stretch of a mile, things began to happen. The cat, in the trolley, flew into the air and burst into a ball. Six grayhounds pounced upon it.

The cat had wandered onto the track again and had climbed over a barrier to enter the race course. The cat was in the race and the dogs were chasing it. The cat was in the race and the dogs were chasing it.

DRUGGIST TELLS IN BIG RED LETTERS WHY HE HAS TO MOVE

Best Advanced From \$80 to \$125 a Month in Two Years, Sign in Front of Store Declares.

Pharmacist at 34th and Broadway, St. Louis, yesterday stopped to state of a large sign displayed on the front of the drug store, which announced in red letters: "The pharmacist of advance in rent from \$80 to \$125 a month for two years in a period of two years and further unreasonable demands of no less than \$100 a month at \$125 per month. I am forced to move."

The pharmacist, Dr. H. St. George, continued the statement in the sign, and added that he came to the location May 10, 1929, and for the last year has paid \$125 a month for the store and four living rooms on the second floor. He said that when he recently offered to take a two-year lease, the owner said five years or nothing and amended the "nothing" to \$25 a month rent, and when he asked what about that parking that had been promised for two years, the response was "I'll do nothing."

He showed a two-year lease at \$60 a month on a store at 1124 Vermont avenue, with offices in the rear, and told of improvements being made there for him. The owner of the "two avenue property" is "Sheep" White of 1841 Cass.

RADIO TALK ON MASONIC TEMPLE

The qualifications of St. Louis as the site of a great Masonic temple and the development of the project from \$100,000 pledged by 22 organizations two years ago to a present fund of about \$1,000,000 from 43 bodies were told by radio from a downtown department store last night by Earl M. Vetsburg, chairman of the Temple Building Committee. Seven downtown stores will pledge \$5000 for the fund in conformity with a resolution adopted a minimum scale of contributions, voted yesterday by the Associated Retailers. Six smaller stores were recommended to subscribe \$250 each, and others recommended to pledge \$125 each, number between 50 and 25.

WINE OPERATED ON TWICE

Report Says Ruler Splintered
Was Removed.

ST. LOUIS, April 27.—The Let-
tice Government Telegraph Agency
says that Nikolai Lettice, the Bohe-
mian Premier, underwent two opera-
tions two days apart.

The second operation was neces-
sary to extract a bullet splinter,
which was "not removed during the
first operation."

Carnegie Income Tax Ruling

By the Associated Press.

NEW YORK, April 27.—An in-
heritance tax of \$55,000 on the An-
drew Carnegie property at Fifth Ave-
nue and Ninety-ninth street will be
paid to the State. It became known
yesterday through a decision of the
Court of Appeals. The Court ruled
that the Carnegie property had been
participated previously to 1916, at
which time the present inheritance
law was adopted.

REPORTS OF BOND DUPLICATION AGAIN DENIED BY MELLON

Some Duplicates in War
Rush, but With No Loss
to Government, Secretary
Says.

GIVES FIGURES ON COUNTERFEIT MONEY

Secret Service Found Fraud-
ulent Currency Amounting
to \$196,993 in 1921 Fiscal
Year, He Says.

Post-Dispatch Bureau.

WASHINGTON, April 27.—Pre-
vious flat denials of reports that
millions of dollars' worth of dupli-
cated Government bonds are in cir-
culation were reiterated this morn-
ing by Secretary of the Treasury
Mellon.

Mellon said the Government knew
of no counterfeit of Liberty bonds.
Victory notes or interest coupons in
the rush of printing bonds during
the war, he said, some with dupli-
cated numbers got into circulation,
but the total was negligible. Even
where duplicate bonds were printed,
he added, there was no loss to the
Government, since the Government
got the money for all that were
marketed.

Mellon referred inquiries to his
statement of April 9, to which he
said there was nothing to be added.
This was as follows:

The statements appearing in the
newspapers to the effect that a vast
volume of duplicate bonds and other
securities have been fraudulently
issued and are in circulation are whol-
ly without foundation. There has
been no evidence developed of any
such situation either in the Bureau
of Engraving and Printing or else-
where in the Treasury Department.

Counterfeit Money Figures.

Regarding counterfeit money,
Mellon said in a letter to the editor
of the Plate Printer, made public
today, that the amount in circulation
was negligible. Counterfeit currency
which came into the hands of the
secret service in the fiscal year 1921,
he said, was only \$196,993, as com-
pared with genuine outstanding in-
sues of \$4,556,328,982. Of the coun-
terfeit currency recovered, \$108,925
was captured before the issue was
placed in circulation, leaving \$88,068
recovered from circulation for the
fiscal year. From Jan. 1, 1921, to
April 19, 1922, Mellon said \$3,006,
679,485 in Federal Reserve notes
were presented for redemption and
out of a total of about \$25,000,000
notes making up this amount, only
16 counterfeit were found.

A dangerous counterfeit of the
1919 was savings stamp, issued by
discovered, the Secretary said, but
the distribution was effectively sup-
pressed and no subsequent counter-
feits of the "baby bonds" had come
to light.

Fraud in Whisky Stamps.

"As regards internal revenue
stamps," he said, "the only counter-
feit reported is confined to 'bottled
in bond' strip stamps required on
whisky withdrawn from bonded
warehouses. This counterfeit, how-
ever, can cause no loss except to
those who purchase 'bootleg' whis-
ky."

The statement was made on the
floor of the House yesterday by
Representative Johnson, Republican
of South Dakota, that it "will later
be shown by official documents that
there are probably hundreds of mil-
lions of dollars of duplicate bonds
in the United States."

Challenging the Johnson state-
ment, Representative Wingo of
Arkansas Democratic member of
the House Banking Committee, de-
clared it was calculated to cause un-

business in the country and that he
did not believe Johnson ought to
make it "unless he can back it up
as the truth."

As a basis for his charge as to
alleged circulation of spurious sec-
urities, Johnson said that J. W.
McCart, Assistant Registrar of the
Treasury during the Wilson adminis-
tration, "secured information in the
course of his duties which convinced
him that there had been enormous
duplication of Government bonds,
which had been printed by the Bu-
reau of Engraving and Printing and
had gone through the office of the
Registrar of the Treasury."

Wingo asked: Does the gentle-
man have information upon which he
can base a conclusion that there
are millions of duplicate bonds
printed?

Wingo asked: Does the gentle-
man have information upon which he

Two Clergymen Sentenced to Death. The Associated Press. MOSCOW, April 27.—Two clergymen and one layman have been sentenced to death and 12 other persons to terms of imprisonment by the revolutionary tribunal at Shuya, 115 miles northeast of Moscow. They were charged with having been the ringleaders in a church riot.

WHAT OTHER CITIES ARE DOING TO FIGHT PAYROLL HOLDUPS

Continued From Preceding Page.

ton, has been identified as one of the robbers. Among recent important crimes here was the murder of Detective Frank Huchins and the wounding of Detective Albert Goughlin by Noble Holt, whom they were questioning about an automobile theft. Holt was caught after a revolver fight with a traffic policeman, in the course of which a large window of a restaurant was smashed.

The robbers who took diamonds valued at \$50,000 from the William C. Procter home, Dec. 14, are ready in the penitentiary for long terms. The Cincinnati police added in the capture of the robbers who killed Robert Lee, theater manager, in Covington, Ky. One of them has been sentenced to death. Nearly every crime of any consequence, in the last six months, has been solved through the efforts of the police and the assistance of private detective agencies.

The police are pursuing the usual system in dealing with this type of offenders—arresting known gangsters and criminals on sight and keeping them on the run. Long Terms Given in Philadelphia. PHILADELPHIA.—Penitentiary terms of 15 and 40 years, imposed recently on two payroll robbers, illustrate the policy of the Philadelphia police in dealing with the crime situation. Speedy handling of cases is the principal feature of the new policy.

A special "handic court" has been instituted, which enables the authorities to "railroad" identified robbers to prison in 15 to 24 hours after their capture. Since the first of the year 118 men have been tried and convicted in this court. The lightest sentences of this Court are, for terms of five to seven years. Seventy have received 10-year sentences, and several got more than 20 years. Fifteen men caught, tried and convicted since April 1 are now in the penitentiary for terms of 15 to 27 years.

The stopping of payroll bank messengers and cashiers, robberies has followed this policy, but otherwise a large amount of major crime still continues. In one 24-hour period this week 14 highway robberies were reported. One band which travels in a stolen automobile, is held responsible by the police for 17 hold-ups in five days. For the first 20 days of April 42 highway robberies were reported and 31 arrests made. The stopping of messengers and cashiers robberies is credited in part to the bravery of two policemen, who attacked four bandits who had held up an aged messenger in the financial district and, although wounded, held the robbers in check until reinforcements came.

The prevalence of highway robberies is ascribed by police officials to youths of 15 to 20 years, who stimulate their "nerve" by the use of narcotics. These drug-filled youths are likely to shoot to kill, with little or no provocation. Automobile thefts are considered the key to the situation and special efforts to capture automobile thieves are being made. Director Cortelyou is asking for 600 additional policemen.

Crime on Decrease in Detroit. DETROIT.—Crime in Detroit has dropped 18 per cent in the past year. This is due to close co-operation between the police department, the courts and the Prosecuting Attorney's office. The courts of Detroit were recently reorganized. In the old days a criminal would come to trial about a year or two after his arrest. Now a month is usually the limit. This lessens the likelihood of disappearance of witnesses and changes in testimony. As the cases are heard before the eyes known to the old system have an opportunity to develop.

In James W. Inches, Police Commissioner, gives the credit for a great deal of the improvement. Two years ago, when policemen were being shot down by robbers and business places were being robbed in the daytime, he issued orders for his men to shoot to kill on reasonable provocation. Since then the criminals apparently have been drifting out of town. Two years ago the crime rate in Detroit was the highest in the country. Each night averaged more than for the entire city today. During bandits occasionally operate here, but it usually develops that they are residents of other places and come to Detroit for a particular job, with the idea of getting out of town as quickly as possible.

Several Holdups in Kansas City. KANSAS CITY.—Payroll robberies and bank messenger holdups have occurred here occasionally. Few bandits have been caught on the job by the police. There have been many arrests, and several convictions, while others are awaiting trial. Payroll robbers here have worked in a methodical fashion, indicating that they have known the schedule on which payroll money has been transferred from banks to various establishments.

The police here continually try to harass known police characters. In order to make local life as miserable for them as they will be forced to leave town. This practice has been attacked as unconstitutional by the political opposition of the Police Department.

Heavily armed street robbers are out on inmate care nights. Well-known hangers-on for thieves are raided frequently or visited by policemen. Suspicious characters are taken to headquarters upon their arrival here; their criminal records are looked into; photographs taken if they have not previously been taken, and they are turned loose with a warning. However, a lack of co-operation in the municipal courts seriously handicaps this method.

No killing of a policeman by a robber has occurred here for more than a year. In February, 1933, a policeman and a bandit killed each other, and in the previous month, a man attempting to rob a bank was killed by a policeman stationed there.

28 STORES CONVENIENTLY LOCATED

Six Years Before Grant Became President

In the days of Grant's supremacy as a military leader, wars were won with the assistance of the enemy's sick and wounded. Thousands upon thousands were lost because of the crude, impure and treacherous medicines.

No one knew how to purify them. Physicians and druggists contended with many uncertainties. The toll of life was enormous in spite of the most conscientious labor.

As a practical chemist, Horace Burrough, Sr., knew the problem well. With his brothers he established, in 1863, the firm of Burrough Bros., for the manufacture of the world's first pure medicines under the name of

20 MULE TEAM Borax SOAP CHIPS

If you want your week's washing clean, easily done, your colors, your fabrics, and your hands protected—use 20 Mule Team Borax Soap Chips. They do these seven important things all at once—
1. Soften the water. 2. Remove all dirt. 3. Wash clothes hygienically clean. 4. Wash white goods whiter. 5. Set the softest colors. 6. Remove all odors. 7. Make the hands smooth and white. 20 Mule Team Borax Soap Chips will do your work on wash day. Get it at any grocer or department store for this week's wash.

FOR THE WHOLE WEEKS WASH

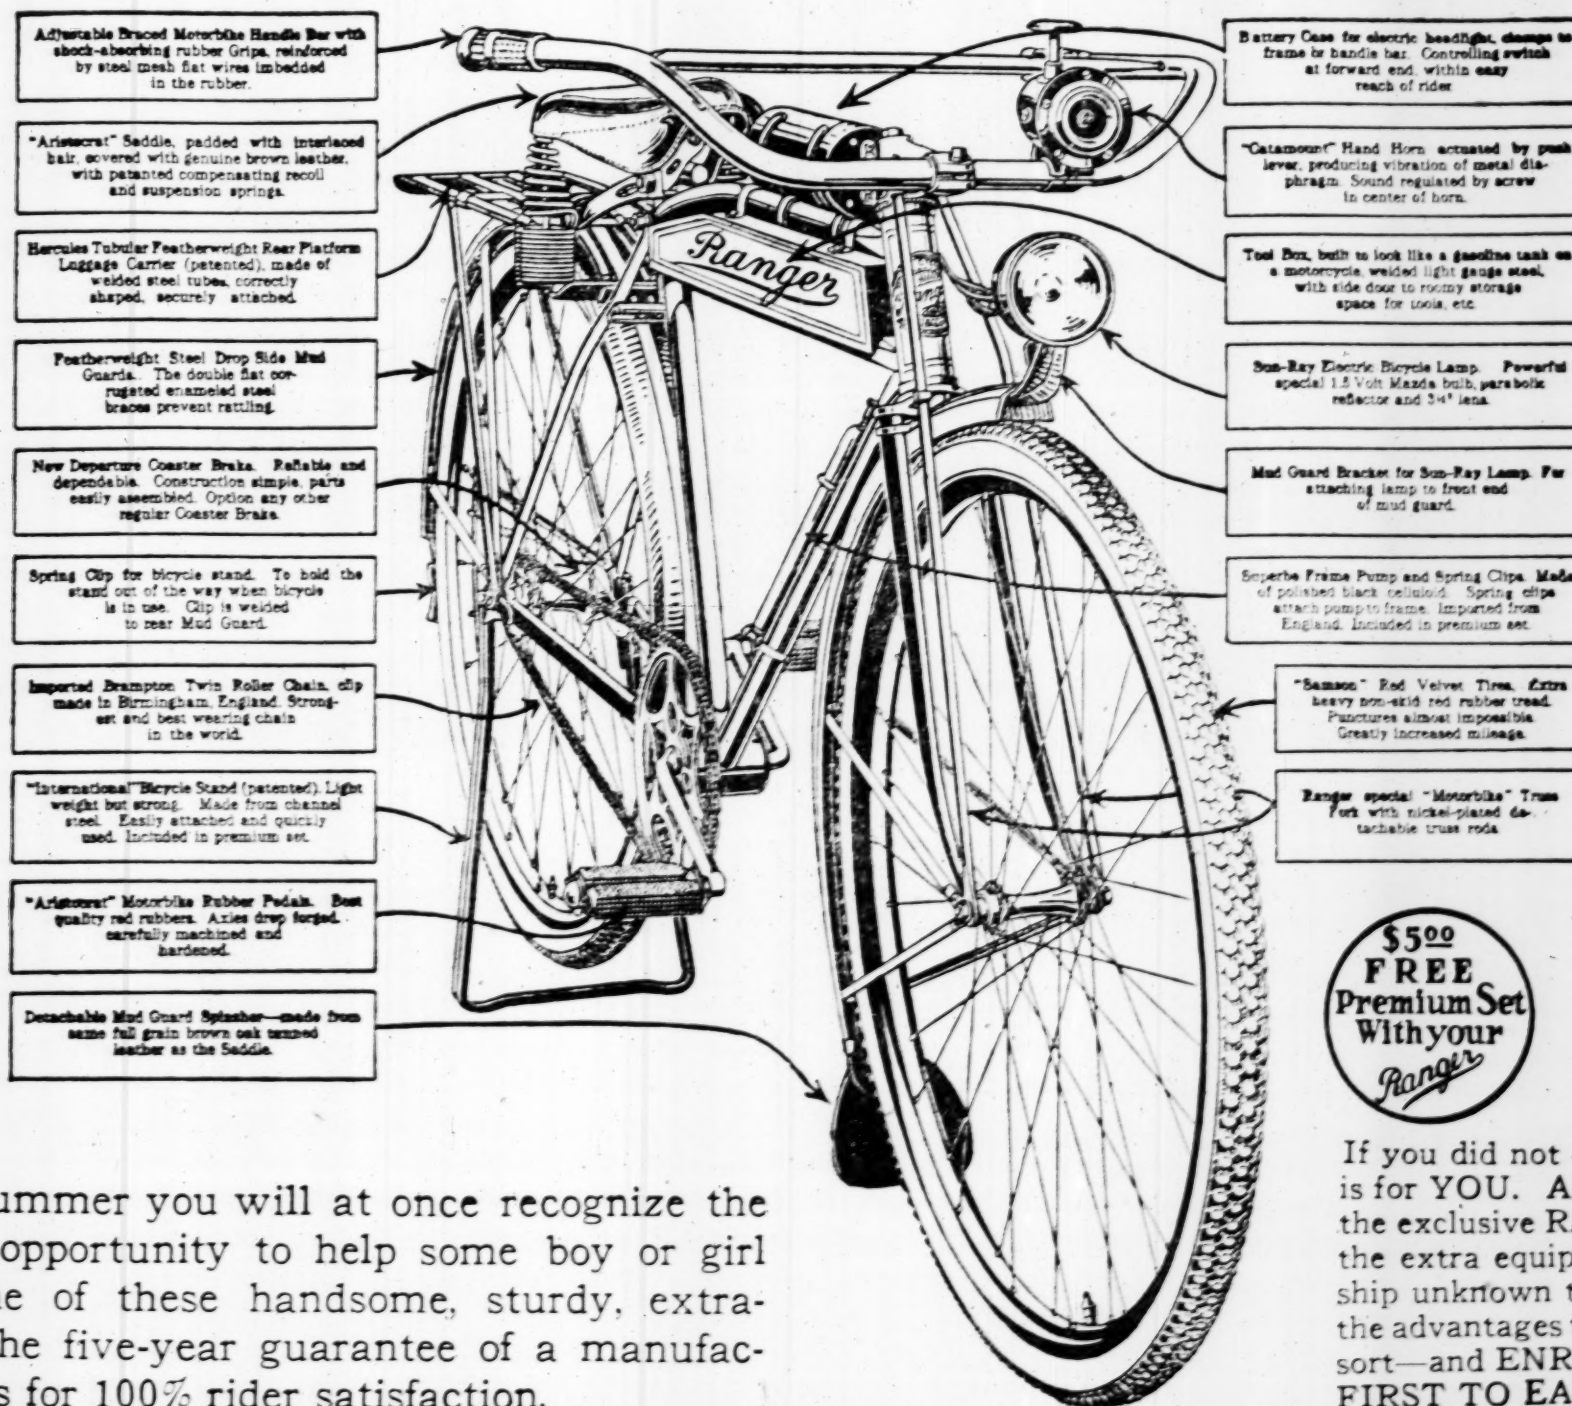

THE Associated Press News appears exclusively in the Post-Dispatch in the evening newspaper field in St. Louis.

Another Thousand RANGER Bicycles Offered FREE to St. Louis Boys and Girls

The POST-DISPATCH has completed a new arrangement with Mead Cycle Co., Chicago, that permits a repetition of the offer of last Summer which resulted in awards of FREE RANGERS to more than 1100 boys and girls in return for spare-time effort.

**1922
Model**
**100%
Equipped**

**"Motorbike"
Model for Boys**
In Three Frame Sizes

**First
Quality**
**\$55.00
Value**

**"Superbe"
Model for Girls**
In Three Frame Sizes

If you did not enroll last summer this new opportunity is for YOU. Ask the owner of an Earned Ranger about the exclusive RANGER features and refinements; about the extra equipment; about the joys of Ranger ownership unknown to riders of inferior bicycles. Ask about the advantages to be gained in a selling experience of this sort—and ENROLL AT ONCE. BE AMONG THE FIRST TO EARN A 1922 MODEL RANGER.

Delivered FREE OF ALL COST for 20 New Subscriptions to the Daily POST-DISPATCH

Here Are the Terms of the Offer—Read Carefully
and Avoid Delay, Dispute, Misunderstanding

20 subscriptions are required—each for 6 months. No extra credit for yearly subscriptions.
New subscriptions are required—from persons who have not been readers of the Daily POST-DISPATCH within thirty days prior to the date of the subscription order, whether purchased from newsboy or newsdealer, or delivered by carrier.
Daily subscriptions are required. No credit allowed for Sunday POST-DISPATCH subscriptions. A Sunday POST-DISPATCH reader who has not been reading the Daily POST-DISPATCH may subscribe through you under this plan.
Verified subscriptions are required. We investigate the validity of the order and the subscriber's responsibility. All orders are received subject to acceptance or rejection by the POST-DISPATCH.
Home-Delivered subscriptions are required. Business district readers are better served by newsboys and cannot be included under the terms of this offer. This makes necessary a definitely restricted area, and orders will not be accepted for delivery within the district bounded

ON THE NORTH BY CASS AV.
ON THE SOUTH BY CHOUTEAU AV.
ON THE WEST BY GRAND AV.
ON THE EAST BY THE MISSISSIPPI RIVER.

Offer is open only to boys and girls who are not identified with the sale or distribution of the POST-DISPATCH, and who reside within St. Louis carrier delivery limits, including East St. Louis, Belleville, Granite City, Venice and Madison, in Illinois; and Kirkwood, Webster Groves, Florissant, Valley Park and Maplewood in Missouri.

**PAY NO MONEY—
COLLECT NO MONEY**

Simply get twenty of your friends and neighbors to subscribe for the POST-DISPATCH (daily, except Sunday). This should not be difficult if you remind them of the superior merits of this great newspaper, now available to the reader at the reduced subscription price of 50 cents a month.

There will be RANGERS enough for all—not merely for those who finish first—but there is advantage in an early start, and if you want to earn one of these beautiful and serviceable wheels you should begin the effort at once.

Send or bring this Enrollment Blank to the POST-DISPATCH Circulation Dept. TODAY.

POST-DISPATCH Circulation Dept.
Send instructions for getting a \$55.00 RANGER Bicycle without paying or collecting any money.
I promise to abide by the requirements of your offer.
I understand, fully, that all orders are subject to your acceptance or rejection.
I will not tender orders from persons who now read the daily POST-DISPATCH—whether purchased from a newsboy, news stand, or carrier.
I am not identified in any way with the sale or distribution of the POST-DISPATCH.

In The Matter of Winning Ball Games, It Isn't So Much the Credit Pitchers Crave, as the Cash

Epstein, Kayoed Monday, Knocked Out by Flanagan

Columbus Boxer, Attempting Comeback in Two Days, Is Mark for Local Bantam.

STOPPED IN FIFTH ROUND

Ohio Boxer Shows Gamesness and Aggressiveness, but Lack of Skill.

By Dent McKimming,

Of the Post-Dispatch Sport Staff.

Patsy Flanagan, cool and calculating, had an opponent very much to his liking in Solly Epstein of Toledo in the main event of the Business Men's Athletic Association show at the Armory last night. Epstein carried the fight to Patsy, but the St. Louis lad met him with solid rights and lefts to the head for five rounds, finally knocking Epstein to sleep near the conclusion of the fifth.

Epstein recovered to a crude, battering attack in his attempt to wear down Flanagan. He tucked his chin well in, held his head down and rammed and pounded his way to close quarters. Flanagan exercised a slight advantage in reach, and Epstein's only hope—signaling a slum one at best—was to keep fighting at close range. He had not the semblance of science, but he took no step backward until the final crash came.

Epstein Kayoed Last Monday.

The Toledo lad came here considerably shaken in morale, for he was on the receiving end of a K. O. wallop at Columbus last Monday night, when Phil Dowd put him through the ropes. A fighter who takes as much punishment as Solly does might profit by long intervals of rest between bouts.

In spite of the fact that in each of the preceding rounds Flanagan's superiority as a boxer became more marked, his task of stopping Solly appeared a hopeless one, for the reason that Epstein took the hardest wallows to the jaw without a flurry. Flanagan drove through with the best he had, as early as the second round, and the crowd of 3500 was surprised to see Epstein absorb the shock and retire with more or less infernal body blows. Flanagan said little heed to his opponent's

Paumonok First Stake Event of Eastern Season

Morvich Among Entries for May 3 and Is Expected to Be a Starter.

NEW YORK, April 27.—New

Yorkers possibly may get their first glimpse of Morvich in the Paumonok Handicap on May 3, the opening day of the racing season at Jamaica, as the great colt is among the nominations for that event. He is in the Kentucky Derby to be run May 23, and the Paumonok is expected to supply a test of his fitness for the Kentucky classic.

The Paumonok is a dash of six furlongs and carries a guaranteed value of \$5000. It is just the sort of race to give the 3-year-old a pipe-rep for his later engagements, and from the way he is working these days it will take a smart horse to show him the way to the wire. There are 14 nominations for the Paumonok, which is one of the best sprinting prizes of the year. Among them are such flyers as Naturalist, Crocus, Careful, Audacious, Lucky Hour, Missionary, Fox Rose, Tanager, Tom, Semphas Park, Whiskaway, On Watch, Knobble, Kai Sang, Good Times, Gallantman, Nancy Lee, Nancy F. Dunborne, Last Straw, Paddy and Ben Homme.

On Watch won the Paumonok last year, with Naturalist second and Dr. Clark third. The winner carried 120 pounds, and was a good horse that day; in fact, nature intended him for a first-class performer. Naturalist had 121 pounds up and ran one of the best races of his career. The Paumonok was first run in 1926, and has been won three times by 3-year-olds—Inquirer, Red River and Conquest. It will be interesting to see what Handicapper Voshub will ask Morvich to carry in this race. It was at Jamaica, by the way, that Morvich made his first appearance as a 3-year-old, winning the Suffolk Stakes in sensational fashion.

Good Field in Excelsior.

The Excelsior Handicap of \$5000 at a mile and a sixteenth is another feature of the approaching meeting at Jamaica that should be worth while. It invariably brings out a good field and among this year's nominations are Yellow Haze, Mad Hatter, Grey Lar, Audacious, Cirrus, Knobble, Naturalist, Bon Homme, Runabout, Kai Sang, Broomstick, Tanager, Damask, Semphas Park, Lucky Hour, Careful, Run Star, On Watch, Dunborne, Nancy Lee, Paul Jones, Good Times, Sporting Blood, Idle Bell, Dr. Clark, Letterman and Gallantman. There are 55 in all. One hundred and five entries have been received for the Youthful Stakes of \$7500 which is to be run over the five-and-one-half-furlong route. Included in the lot is Runabout, the sister to Morvich.

There are many beautifully bred and highly tried youngsters in the Youthful. At the top of the list are Osprey by Fairplay, and Metal by Hourless. It will be the first appearance of the colors of the chairman of the Jockey Club in several seasons. Osprey is out of Olympia by Rock Sand, while Metal is out of

HOUSE-TOP GOLF MAY RELIEVE PUBLIC LINKS CONGESTION IN CHICAGO

By the Associated Press. CHICAGO, April 27.—In figuring out ways and means of avoiding hours of waiting to get a chance to play golf on the crowded links, Chicagoans have hit on the plan of building miniature golf courses on the roofs of apartment buildings. By the use of nets, it is planned to corral balls that may be hit too hard for the confined area.

I. O. Ackley announces that he and his brother will build a 22-story apartment house at a cost of more than a million dollars in Hyde Park, and install grass putting greens and driving and approach greens on the expansive roof far over the streets. Other such arrangements are said to be in prospect.

The players may select the score and of any regular links. If the first hole is 444 yards, the player drives and if it is 444 yards, he may select the score and of any regular links. If the first hole is 444 yards, the player drives and if it is 444 yards, he may select the score and of any regular links.

MEXICO TAKES GREATER INTEREST IN NET GAME

That there is an increase in tennis interest in Mexico is indicated by a recent announcement ranking 50 players on the basis of their showing in 1931. Claude M. Rutin, champion of Mexico, is given first place in the list. Francisco Gonzalez, runner-up to Rutin, was placed second.

Billiard Champion Wins. ROCKFORD, April 27.—W. H. Lee, Illinois amateur pocket billiard champion, last night defeated Walter Franklin of Kansas City by a score of 200 to 121 in a match scheduled to meet Ralph Greenleaf in a championship match in New York next week.

Happy Felsch Sues Sox For Back Salary and Bonus He Says Is Due

MILWAUKEE, Wis., April 27.—Oscar (Happy) Felsch, former star outfielder of the Chicago White Sox, who was dropped from the team after the 1931 season, yesterday brought suit for back salary and bonus money alleged to be due him from the Sox. The amount involved was not specified in the suit.

The Sportsman, Meneta III, the Greenlee Stables has nine entries, and the promotion of this aggregation in flat racing is a happy omen for the turf. The youngsters are by Sweep, Ultimus, Broomstick, Prince, The Rosewood, and Span. The Rosewood Stables is represented by seven colts and fillies by various sires. Cour de Leon by Fair Play, and Aladdin by Dick Fennell looked the most promising in the bunch at the farm in Jersey last winter.

Ten Entries for Whitney.

Harry Payne Whitney has named ten for the Youthful. They are by Broomstick, Whitcomb, H. Childs, and Rickett. Joseph E. Widener has four, including Raffles by Luke McLaughlin. This is a half-brother to Paddy. A Virginia sale reliance in the speedy looking and well named Wilderberry by Camdun. There are also nominations from J. E. Madden, A. K. Macomber, John Sanford, Glen Hiddle, Shalby, J. S. Cowles, W. R. Cox, Gifford Cochran, James Butler and other prominent owners. Practically the same owners are represented in the \$5000 Colorado Stakes at five furlongs.

COUNTRY DAY WALLOPED BY MAPLEWOOD, 11 TO 7

Maplewood High School put on a big thing at the sixth ending of its game with Country Day School at Maplewood yesterday afternoon, and won, 11 to 7. Twelve men took a turn at bat in the big sixth, and eight runs crossing home plate. The game was a close one, and the individual smashes in the big round were the feature.

Children pitched a creditable game in the first five innings, allowing but two safe hits by Maplewood. He was relieved by Joe Baker in the sixth, but the slaughter continued. Shanks was touched for seven hits by Country Day.

Carry out my Instructions

“YOU have not carried out my instructions,” the dentist said, with a note of impatience in his voice.

“Six months ago, when you were in my office, I ordered you to use Kolynos Dental Cream. Now your mouth shows **YOU HAVE NOT BEEN CARRYING OUT MY INSTRUCTIONS**, but have been using something **GRITTY**.”

* * *

“Your teeth, being soft, are beginning to show scratches. I have done the **BEST I CAN** to preserve the artistic lines and beauty of your mouth. You certainly cannot mean that **YOU REFUSE** to aid me!”

* * *

This is not a fanciful incident. The statement was made, as quoted, by an Eastern dentist who stands high in his profession.

We have on file in our New Haven laboratories personal applications from over 47,000 American Dentists and 74,000 American Physicians for Kolynos Dental Cream, to distribute among their patients.

sound. These cannot be kept sound unless the mouth **IS REGULARLY CLEANSED AND PURIFIED**.

Keep Your Teeth Lustrous

Do you realize **HOW VITAL** it is to the **HEALTH** and **DURABILITY** of your teeth, no less than **TO THEIR BEAUTY**, that you keep them lustrous **WITHOUT THE USE OF GRIT**?

Do you realize that the health, beauty and durability of your teeth **ALSO DEPEND** upon your keeping the **MOUTH MEMBRANES** in a purified, hygienic condition?

* * *

The teeth cannot be kept healthful—**OR EVEN KEPT AT ALL**—unless the gums and tooth sockets are

sound. These cannot be kept sound unless the mouth **IS REGULARLY CLEANSED AND PURIFIED**.

We have on file in our New Haven laboratories personal applications from over 47,000 American Dentists and 74,000 American Physicians for Kolynos Dental Cream, to distribute among their patients.

Beauty and Health

But an **EVEN GREATER VALUE OF KOLYNOS**, in the judgment of dentists and physicians, is that it **DISSOLVES THE TOOTH FILM** and eliminates **HUNDREDS OF MILLIONS OF THE GERMS** which produce the tooth-destroying acids. It goes directly to the **CAUSE** of tooth decay and **REMOVES** it.

Then your teeth **REMAIN BEAUTIFUL** and **REMAIN IN YOUR HEAD**.

* * *

Test it—try a few days of mouth happiness!

MOTHERS' AND TEACHERS' CONVENTION AT WEBSTER

200 Delegates Representing 264 Councils Attend Opening Session of Missouri Body

The convention of the Missouri Mothers' and Teachers' Association, attended by 200 delegates representing the 264 councils of the organization in the state, opened at Webster Groves Armory last night. Addresses were made by Mayor Peterson of Webster Groves, Frank Hamacher, Superintendent of Schools, and Mrs. William Ullman, president of the Missouri branch.

Business sessions will be held today and tomorrow, and the convention will close with a banquet at the Claridge Hotel tomorrow evening. Mrs. Helen R. Paulsen, child psychologist, will speak on "Making the Children of Tomorrow" at tonight's session. Addresses will also be given by Dr. Thomas Parran Jr. and John J. Madden, Superintendent of St. Louis Public Schools.

Advocates of uniform dress for school girls is one of the purposes of the organization. Measures for the promotion of child health and child welfare and the education of young people for parenthood also will be discussed.

California is the only state whose membership in the organization exceeds that of Missouri. The Missouri association has a membership of 48,425.

TWO PHYSICIANS TESTIFY AT INQUEST IN WOMAN'S DEATH

Mrs. Harry Brinkop Admitted Visit to Mother, Dr. Frank J. Stange Says: Hearing Continued.

An inquest was begun today into the death of Mrs. Margaret Brinkop, 21 years old, wife of Harry Brinkop, 1817 A. Minnesota avenue, which occurred Tuesday night at Lutheran Hospital.

Dr. Frank J. Stange, 1224 South Grand avenue, testified that when he was called to attend Mrs. Brinkop April 18 she was suffering from pneumonia and admitted to him that she had visited a midwife on April 17, later giving him the name of the midwife, Dr. E. L. Dorsett of 1882 Washington avenue, called in consultation, testified that he observed the midwife at the hospital.

Dr. Dorsett, on the stand, denied that he knew of his wife's visit to the midwife or that he gave her money for the purpose.

Mrs. Marie Dorsett, 1120 Lamp avenue, named by Mrs. Brinkop as the midwife who treated her, has been arrested and released on bond. She was at the inquest but did not testify. The coroner was continuing his further investigation by phone.

CREATION OF STATE PARKS IN OZARKS FAVORED BY CITIZENS

St. Louis Citizens' New Constitution Association Adopts Resolution With Financing Proposal

A resolution favoring the creation of state parks in the Ozarks, to be acquired and improved through a bond issue, was adopted last night at a meeting of the St. Louis Citizens' New Constitution Association at Central High School.

The resolution specified that the proposed issue be in serial bonds and it is asked that some provision be made in the new constitution permitting this, and that statutes be enacted for the creation of state parks.

It was pointed out by Herbert Taylor, secretary of the Missouri Fish and Game League, that there are vast stretches of unutilized ground in the Ozarks which are admirably adaptable for use as public parks. Other speakers pointed out the benefit that would accrue to city dwellers who would have ideal pleasure spots near home.

The proposed serial bond issue was specified, because it is believed such bonds could be more easily disposed of because of the length of time before they would expire.

50 KILLED, 100 HURT IN FIRE THAT MADE TRAP OF BUILDING

Several Persons Jump 90 Feet in Effort to Escape From Customs House, Malaga, Spain

MALAGA, Spain, April 17.—Sixty persons met death today in a fire that destroyed the Customs House here. About 100 persons were injured.

Several occupants of the building who were trapped in the upper stories when the narrow stairway leading from it caught fire shortly after the blaze started, jumped from the windows 90 feet to the ground and were killed instantly.

The building dated from the seventeenth century.

City News in Brief

MAURICE POOK, MANAGER OF THE "ST. LOUIS POST-DEMOCRAT," was today in the city. He is a native of St. Louis and has been in the city for many years. He is a well-known figure in the city and is highly respected.

Lighting Fixtures

—Contractors and Builders
—Property Owners
—Home Owners

We Are Manufacturers!
One Lighting Fixture or a thousand—we are equipped to take care of your orders in the shortest possible time.
And where there is some special need to be filled—or where exclusive designs are desired—we put at your service our special force of designers.

Visit Our Exhibition Rooms

All fixtures are shown in a series of small rooms, the size of those in the average home, which makes selection an easy matter.

Gross Chandelier Co.
1107 LOCUST ST. ST. LOUIS, MO.

Big Pelican Shot at Abilene, Tex., April 27.—Seagulls and pelicans, hundreds of miles from their natural habitat, swarmed through this section yesterday. One white pelican shot here measured more than 10 feet from tip to tip.

Don't Neglect Your Skin

Ladies—A few days' treatment with **CARTER'S LITTLE LIVER PILLS** will do more to clean up the skin than all the beauty treatments in creation. An impure complexion is caused by a sluggish liver. Millions of people, old, young and middle-aged, take them for Biliousness, Dizziness, Sick Headache, Constipation and for Bile, Bile, Bile and Bile. They end the misery of Constipation.

Small Pill—Small Dose—Small Price

INTER-TRAIN RADIO COMMUNICATION PLAN

Road to Install Service Being Developed by Steward of Dining Car.

Special to the Post-Dispatch. CINCINNATI, April 27.—Inter-train telephone communication while trains are in motion, now is a possibility. Fletcher H. Hiles, steward on a Big Four limited running between Cincinnati and Cleveland, is developing the plan. Officials of the road are backing him and consider success assured. Hiles already is operating a temporary receiving set on his car. With his train running at top speed he has demonstrated for the benefit of his passengers that they can "listen in" on concerts and the like as successfully as if they were in their own homes.

The steward holds a Government radio license. Big Four officials have granted him permission to make the installation on the car permanent. When this is completed it is his plan to rig another set on the train which immediately follows the limited and work out methods whereby communication between trains, and with the various stations of the road, can be assured.

Receiver on Dining Car Buffet. The receiving set which he has installed on his car has attracted much attention. The apparatus is on the top of a buffet at the end of the car. The batteries are in cabinets underneath. An amplifying horn, on one side of the buffet, is used so that the sounds received can be transmitted to the farthest corner of the car.

An insulated wire leads to the roof. Along the length of the car and back a rectangular aerial is stretched about a foot above the roof. Its length is approximately 50 feet. Its width three. The aerial must be low because of the bridges, tunnels and other obstructions along the right of way. Incidentally Hiles has explained that when the train is passing over steel structures or underneath bridges he is unable to receive because of the induction set up.

Another difficulty he has experienced is with his ground wire, which he has soldered to the heating pipes and iron frame of the car. Several times it has been shaken loose when the car was jolted by switch frogs in the yard or over the road. Hiles plans to overcome this handicap in his permanent set by having the ground connection welded fast. He also hopes to overcome damage to the wiring from parts of his aerial working loose through vibration by soldering them fast. Officials of the road doubt that the plan will be worked out, but Hiles has worked out his plan successfully and will install similar apparatus on all of his trains.

Unavoidable Difficulty. There is one problem which Hiles says he cannot account for. At one point on the run, where the train runs parallel to the river for a considerable distance, he says the noise by far the best results. Then the tracks veer sharply at right angles to the river. On this stretch the radio apparatus seems to go on strike and no sound can be heard. Further along the river again is parallel with the tracks and the apparatus gets back on the job.

The possibilities of the experiment have been declared to be unlimited by railroad officials here. They called attention to the fact that, working as it is hoped for, they would be able at all times to keep in touch with their trains. Wrecks, washouts or cave-ins of the track could be reported at once and safeguarded from them. In addition the passengers would be kept in constant touch with the news of the world and would be entertained by concerts and the like.

Babe Ruth Now Farm Owner. By the Associated Press. MARLBOROUGH, Mass., April 27.—Babe Ruth will become possessor of a 140-acre farm valued at \$12,000 in South Sudbury, near here, through articles of agreement signed yesterday.

MY FAVORITE STORIES

By IRVIN S. COBB

(One of a series of short funny stories by the celebrated American humorist which appear daily in the Post-Dispatch on this page.)

AN ANNIVERSARY TO BE REMEMBERED.

DIFFERENCES of an acute nature arose in a craps game on the Memphis wharf. The dispute had to do with the ownership of a \$5 bill. For possession of it there were two claimants—a resident roustabout and a truculent-looking stranger from up St. Louis way. The argument reached a crucial and critical stage. The right hand of the visiting nobleman stole slowly back toward his hip pocket. "Nigger," he inquired softly of his enemy, "what date is dis?" "I ain't payin' no heed to dates," said the Memphis dandy. "Well, you better do so," said the stranger, "cause jest 12 months from today you'll a-been dead perackly one yeah."

METROPOLITAN MOVIES :: By GENE CARR

"What are you going to be when you grow up?"
"Heavyweight champion of the world."

MORE TRUTH THAN POETRY

By James J. Montague.

WHAT STOPPED THE CHINESE.

The Chinese child has little ease in studying his A B C's.
He pegs away the livelong day
Nor dares to rest a minute.
Inside his head he has to get the coppers Chinese alphabet,
Which has about—well, figured out—
Three thousand letters in it.

The Chinese poet who essays to sing his pink-cheeked flapper's praise,
And softly rhyme the thrill sublime
Of love's delightful fetters,
Gets wearied out before he's done, for really hardly anyone
Can well enthuse who has to use
Three thousand wriggly letters.

A Chinese printer has to sweat a week to get a column set;
It takes an age to set a page,
And there would be a riot
If when the type was in the chase, some clumsy bungler round the place
Breezed through the room and sealed his doom
By happening to pi it.

The Chinese have not got as far as almost all the nations are:
They had the start in wealth and art.
But their great days have faded,
And we'd be back as far as they if, in our nation's younger day,
Our chief concern had been to learn
An alphabet like they did.

SHIRKING YOUNG AMBITION.

If great ships are to be named
after Presidents, the kids of the
country will be almost as eager to
be President as they are to be home-
run kings.

AN EASY JOB.

There weren't any salacious
grasses in the early days, so Hercules
was put to work cleaning the
Augustan steaks.

IMPOSSIBLE.

Tariffs can't be revised by their
friends any more. After they have
been in effect a year or two they
haven't got any friends.

STILL NEUTRAL.

Two courses are open to the striking
coal miner, but he sternly re-
fuses to take his pick.

Whichever is said to have a fine
tallent. He needs one to spell a
name like his the same way every
time.

FOOLISH EXTRAVAGANCE.

Probably Mr. Dawes has discov-
ered altogether too many bills are
coming from the Bureau of Printing
and Engraving.

QUICK WORK.

A new lake was formed by a
waterspout in a Western state the
other day and the local Congress-
man is preparing a bill providing
for making it navigable.

ACCOUNTED FOR.

The railroads are prosperous
again. Crooks bound for New York
boost passenger traffic and the loot
they send home to the folks helps
the freight business.

TRULY REPRESENTATIVE.

Mr. Bryan says he will not be a
candidate for the Senate from Flor-
ida. Which shows that he is still
able to reflect the opinion of the
people in the State where he dwells.
